https://www.youtube.com/channel/UCf_pFHzv0VTObBQdGBs2aMg/

Through experiments and interdisciplinary cooperation, he aims to merge unmergeable.

That is why he often leads and takes part in **art+science projects**.

He is a participant and an organizer/mentor of several **performing / acting / poetry workshops** and **courses**.

Sini Sha performs his poetry across 3 continents and 15 countries: **Serbia, Croatia, in New York**, in "Nuyorican Poets Café", an international symbol of Slam poetry scene, in Vienna (**Austria**), Athens (**Greece**), Budapest (**Hungary**), Oslo (**Norway**), **Russia**, Zurich (**Switzerland**), **Malta, Cyprus, India, Latvia, Portugal, and Italy**.

His poetry is translated and he performs in English, German, Spanish, Italian and Serbian languages .

He won bronze at the Slam Poetry Festival, Qualifications for European Championship Slam Poetry (Belgrade, 2013).

He won/shared 2nd place at the National Competition for the **Best Serbian Slam Poet** (Novi Sad, 2014).

He participated as a poet and a painter at the **Festival internazionale di poesia di Milano** (Milan, Italy, 2018).

Sinisa paints - he is inspired by surrealism and expressionism.

He is an international speaker, researcher and educator. He is devoted to scientific research in the field of collaboration, collective creativity, and innovation, as well as humanitarian work - all of this through merging of art and science. He is a co-creator of the format [CoLaboArthon](#) - that internationally empowers interdisciplinary dialogue, co-creation and development. By **profession** he is an IT MSc.

He pursues these interests through several **regional and international positions**:

? Co-founder of ChaOS - an NGO uniting artists and scientists on cultural and humane projects.

? Co-founder of **Protopia Lab Serbia/Norway**, and member of **Protopia** International Core Team

? Project manager of ?Poezin Slam Company? and performs as a one of its members.

? Co-founder of ?ReMaking Tesla - Practices that make a Genius? International Forum of Interactive and IT-Augmented Education on Collective Creativity and Innovation

? **Knowledge Federation**, an international organization for systemic innovation.

He still doesn't have patience for longer forms so he writes poetry and short stories. He writes since 1994, but already in 1997 he wins 2nd place at State Poetry competition. Through several competitions, his short stories and poetry are awarded and published. He performed them as a finalist at several festivals.
